

## FTP LOGINS

USER ID	PASSWORD
wingap4	591243

*These FTP logins allow multiple simultaneous logins. For example, if Baldwin County is logged in and active using wingap4, Camden County would also be allowed to login using wingap4 while that login is in us.*

IE 6 Usage Instructions

Type on the address line the information found below. If you are using a different login besides the 'wingap4' used in the example, enter the appropriate text when you type in the address line. If your IE browser doesn't have an address line, you can enter this exact typed command using the Windows RUN command which is accessible from START > RUN on the windows desktop.

**ftp://wingap4@www.wingap.net**

Enter user name = wingap4

Password = 591243

NOTICE the user name, if the user name displayed on the screen above is blank or does not match the FTP user id you are attempting to use, simply type in the correct user id. You must also supply the password from the table above that matches your selected user

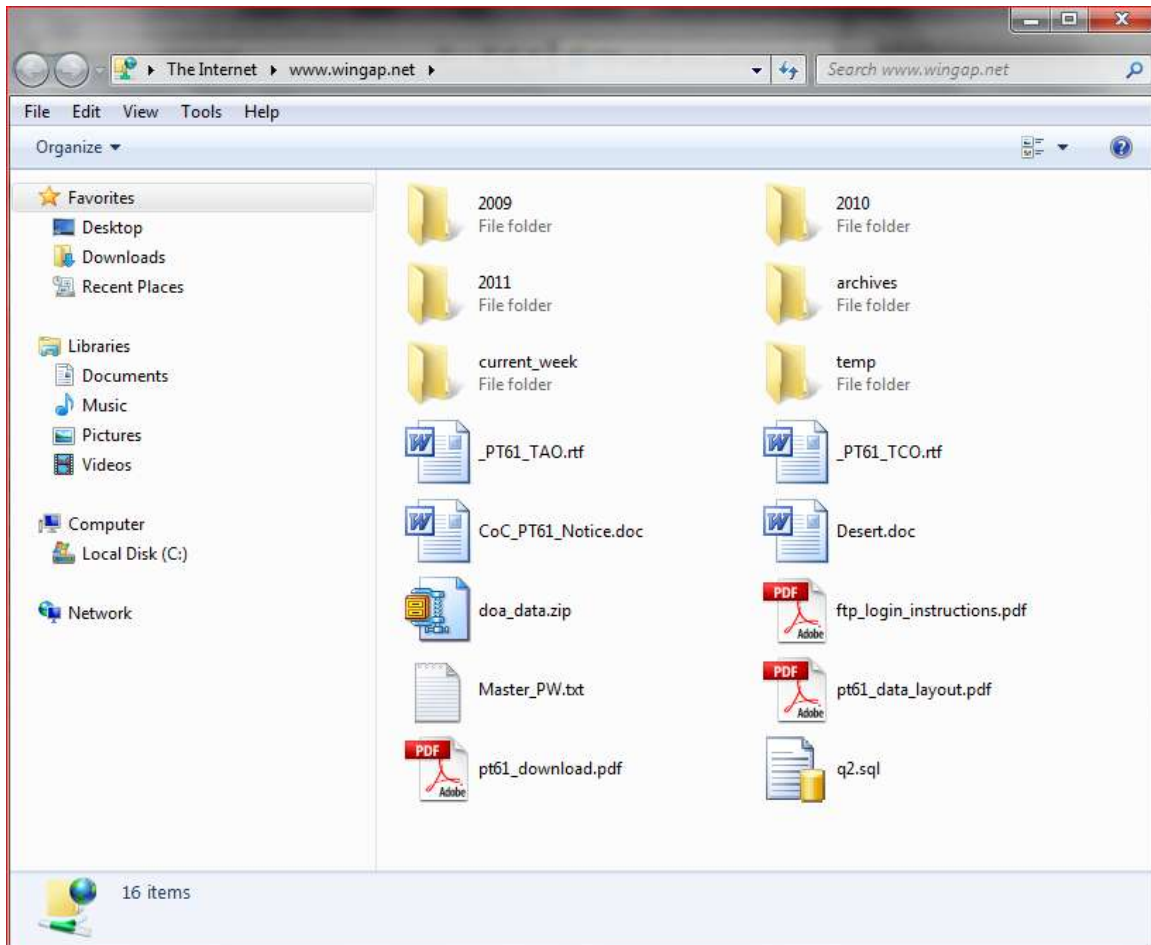

id. Once you have supplied both a valid user id and password, click the LOG ON button. If you have successfully logged in, you will see a screen similar to the one below.

## FTP root at www.wingap.net

To view this FTP site in Windows Explorer: press Alt, click View, and then click **Open FTP Site in Windows Explorer**.

Or perhaps you would prefer to open the FTP site in Windows Explorer and your screen might look like this:

You may now browse this site to locate the files you wish to download.

- ARCHIVES folder contains the RECENT weeks PT61 files
- CURRENTWEEK folder contains only the current week PT61 files
- OLD folder contains the Year to Date (i.e. all of 2006 files that aren't already present in archive folder)

Enjoy!!!!
